Rapper **Eminem** gave fans a surprise at the House of Blues in Los Angeles on Saturday when a mummy character dancing onstage revealed himself to be actor Dustin Hoffman. The "My Name Is" MC, who performed two shows at the venue that night, was also joined by mentor/rap producer **Dr. Dre**. After Eminem's performance with the mummy, the audience demanded to know who was behind the bandages. The rapper pulled off the head of the costume to reveal sweat-drenched Academy Award-winner Hoffman. With a different mummy in tow Sunday night at San Francisco's Fillmore auditorium, the outspoken rhymer leapt off the stage mid-show to tussle with an audience member who he claimed was baiting him, leading to a scuffle that ended the show early. "Security, get this motherf---er outta here before I do," Eminem said. Among the guests attending that show were funk legend **George Clinton**.
